VOL. CVXIIII.—158. ALEXANDRIA, VIRGINIA, TUESDAY, JULY 22, 1913. PRICE, 2 CENTS

DEATH OF MRS. NICHOLAS DAWSON

Was Well-Known And Prominent Resident of Seminary Hill.

WAS A MISS COOPER.

Deceased One of Many Who Exemplified The True Southern Woman in Trying Ordeals.

Mrs. Nicholas Dawson, a well-known and prominent resident of Seminary Hill, died at her home, "Cameron," at half past 2 o'clock this morning. She had been in failing health for the past year, and during the past month or so had been subject to serious attacks of heart trouble, but at the last her death, though not unexpected, came suddenly. She was 70 years old.

Mrs. Dawson, who was Miss Virginia Cooper, was the daughter of the late General Samuel Cooper, the first commander of the Confederate army, who, like so many of his brother officers, had been trained at West Point, and stood high in the old army of the United States prior to the civil war. Her mother was Miss Maria Mason, of Analostan Island, in the Potomac, opposite Washington, who died some years ago at "Cameron, her old home on Seminary Hill, at the advanced age of ninety years.

Mrs. Dawson was brought up amidst all the beautiful surroundings and generous hospitality of the old regime, with everything that wealth and high social position could give. During her early years of womanhood she was prominent in the social life which brightened the sad days of a war whose final outcome was the overthrow of the Confederacy.

In the period of stress and poverty which came to so many of Virginia's noblest families she, in common with her own people and countless others, bore herself with a spirit of heroic grace an dacceptance of the inevitable issues of war. She married Major Nicholas Dawson, of Loudoun county, who died some few years ago. She is survived by three children, S. Cooper Dawson, who resides on Seminary Hill, but has business in this city, Philip Dawson, of San Juan, Porto Rico, and Mrs. W. Gibson Pendleton, whose husband is rector of Old Hungar's Parish, on the Eastern Shore of Virginia.

Mrs. Dawson was noted for her grace of person and character and for her many brilliant social qualities. She was a woman of high Christian character, for many years a communicant of the Seminary Chapel. She had a large circle of friends and relatives, by whom she was highly esteemed and loved and who will sincerely deplore her loss.

Her funeral will take place from her late residence at 4 o'clock Thursday next, at which the Rev. Dr. S. A. Wallis, of the Theological Seminary, will officiate. The interment will be in Ivy Hill cemetery. Carriages will leave Wheatley's undertaking establishment at 3:30 p. m., on that day for Seminary Hill.

NEWS OF THE DAY.

A spectacular career was ended under pathetic circumstances yesterday when Cardenio F. King, once widely known as a financier and newspaper publisher of Boston, died a convict at the State farm at Bridgewater, Mass., in the very hour that frends, aware of the approach of death, were making desperate efforts to obtain his pardon.

Martin Strasburger, son of Frank Strasburger, a wealthy Chicago manufacturer, yesterday shot his stepmother through the head and then committed suicide at the summer home of his father, on Bass Lake, near Knox, Ind. Mrs. Strasburger is not expected to live. No cause for the shooting has been learned, as neighbors said there had been no hard feeling between the young man and his stepmother. According to Bass Lake authorities, young Strasburger had been drinking. It is believed that he had become mentally deranged.

Alphonse Trinqual, of San Francisco, an aged inventor, s preparng for a great flood, which he predicts is to destroy mankind, as was done in the days of Noah. So confident is Trinqual that land is to be covered with water that he is building an ark. At intervals in the last ten years Trinqual has been laboring on his craft. The ark is 80 feet in length.

The steamer Tremper, loaded with panic-stricken passengers, was beached on the east shore of the Hudson, at Staatsburg, N. Y., yesterday with the water pouring through a big hole in her hull. The Tremper, bound from Newburgh to Albany, had settled very low before she reached the mainland, after an exciting 2-mile race. The Tremper was streaming at full speed up the river, when she scraped over a sharp rock.

Local police, detectives, and special officers are hunting for three 12-year-old boys, who are accused of bank robbery. During the rush hour yesterday afternoon, when the banking rooms and streets were crowded, the boys entered the Real Estate Trust Company, snatched a check from the hand of a wealthy woman, grabbed a bundle of checks just put on the counter, and escaped. An hour later a bakery, in which they were trying to cash some of the stolen paper, was surrounded by police, but the three boys escaped, leaving behind them all the stolen checks.

Melrose Edeke, Mayor of Ranier, is out on bail charged with being an accessory to the murder of F. J. Couture was beaten to death by a crowd of men as he made a statement that no attempt was being made to force the saloon closing laws. Mayor Edeke was charged with being a member of the crowd.

The continued spread of the revolution in China was reported to the State Department yesterday. The revolt of Fukien Province was reported, and also the rebellion of Kwangtung Province. The provincial assembly of Kwangtung, in session at Canton, has appointed Chen Chiung Ming military governor and commander-in-chief of a force which is to proceed aganst the governmnt troops in the north. The Canton local government proposes to raise 15,000 troops to be sent into the field against the forces of Yuan Shih-kai, the provisional president.

Miss Mabel Ross, twenty-four, of Akron, Ohio, was killed and Bryan E. Rogers, son of Common Pleas Judge S. G. Rogers, and William Joy, both of Akron, were fatally injured when an automobile in which they were riding was struck by a Pennsylvania train.

Policeman John E. Cahill, of the Atlantic avenue station, Broadway, was murdered early yesterday morning in an encounter with burglars whom he surprised at work breaking into St. Matthews' Roman Catholic Church, in Brooklyn. Less than three hours later his body was found lying within 10 feet of a door leading into the vestry in the rear of the church, with not the slightest clew as to the whereabouts or the identity of the murderers, and the killing is shrouded in the deepest mystery.

HOPES TO AVERT RAILROAD STRIKE

Federal Board of Mediation to Meet Trainmen's Delegates.

BASIS OF AGREEMENT.

Men Are Ready if Grievances of Managers of Roads Against Them Are Dropped.

New York, July 22.—When the Federal Board of Mediation met with the representatives of the conductors and trainmen of the Eastern railroads today, the belief was expressed that a basis for arbitration between employes and managers would soon be reached. As a result of the conferences yesterday, the employes have made it clear that they will not enter into negotiations if the grievances of the managers against the employes are to be brought up.

The conference committee of managers asked that these grievances be considered but did not press the question, and the belief still prevails that the managers will back down from their position. Both sides have agreed that mediation will not settle the dispute and insist upon the demands being laid before the Board of Arbitration.

The mediators have taken up the Erie situation and will endeavor to persuade that road to come back into the managers' conference. If the officials refuse to be represented in the conference, then the mediators will endeavor to persuade the Erie to agree to be bound by the award of the arbitration board, or submit their case for separate consideration.

QUOTES BIBLE AGAINST IT.

Heflin Uses Scripture in Opposing Woman Suffrage.

Washington, July 22.—Representative Thomas Heflin, of Alabama, the uncompromising foe of woman suffrage in the House, is now quoting Scripture against the suffragettes. His Biblical quotation is, "Father, forgive them, for they know not what they do."

Mr. Heflin received a letter from General Anson Mills, asking him to become a member of the Men's League for Woman Suffrage. Mr. Heflin replied as follows:

"I am opposed to woman suffrage. Nine-tenths of the women of the world do not believe in it and I cannot unedrstand how any man can believe in it. The movement to bring women into active participation in political affairs is fraught with grave danger to our country. Woman has a higher and more important mission than miixng in politics and casting ballots.

"It is not best for the women, not best for the men, it is not best for the home and it is not best for the government that the direct political responsibility be thrust on women When I hear of a movement in the interest of women suffrage, I immediately think of the Scripture, 'Father, forgive them, for they know not what they do.' "

Grand Exalted Ruler Leach, who was elevated to the head of the order at the recent Rochester convention, promised the Norfolk delegation to come to this city on the occasion of the opening of the new home next week and large preparations are being made for his entertainment.

On Wednesday, the Elks' Home, on College Place, will be thrown open to the public for general inspection. Thursday has been set apart for the formal opening. On this occasion there will be brief exercises when the building committee composed of Nathan Metger, A. A. O'Brien and E. F. FINED TWENTY DOLLARS.

Drunken Man on Rampage in Braddock House—Destroys Furniture And Assaults Peacemaker.

The only case before the Police Court this morning was that of D. M. Lancaster, who had been arrested by Sergeant Wilkinson and Officer Ferguson for drunken and disorderly conduct, assault and destroying property. John McCuen was also taken in custody, but the evidence showed that Lancaster assaulted him whle he was endeavoring to act as peacemaker and after Lancaster had behaved in a disorderly manner towards a woman.

The accused had nothing to say in extenuation of his conduct. The court informed him that recently other men had acted in a similar manner and had appropriate fines imposed and an assessment of twenty dollars would be made against him.

U. S. AND NICARAGAU.

Proposed Agreement Meets With Approbation from Democrats and Republicans.

The administration's proposal to put Nicaragua on the same basis as Cuba was the subject of discussion both at the Capitol and in the executive departments yesterday. At the Senate the Wilson-Bryan proposal with reference to Nacaragua was pronounced the most important move in foreign relations since the promulgation of the Monroe Dictrine.

Much to the surprise of even the warmest friends of the administration proposal, it met with a most cordial reception in official and Congressional circles. Republicans applauded the proposed arrangement with Nicaragua. Senator Bacon, chairman of the Foreign Relations Committee, has announced his cordial approval, and the rest of the Democrats on the committee and in the chamber are expected to follow suit. The only opponents of the proposal known at this time are Senator Clarke of Arkansas and Senator Borah of Idaho, both members of the committee.

It was generally accepted as a policy which would eventually apply not only to Nicaragua, but to other Central American states. The suggestion was even made that it would be a most excellent thing if such an arrangement could be made with Mexico, and it was declared that had such a relation existed three years ago, the present deplorable condition in Mexico would have been wholly avoided.

From the White House yesterday afternoon came a definite statement that it was hoped that in the not distant future relations with other Central American Republics would be placed on the same basis as is now the case with Cuba.

AFFAIRS IN MEXICO IN A GRAVE STATE

Conditions, it is Said, Fast Approaching Critical Stage.

PRESIDENT ANXIOUS

Ambassador Wilson Urged to Hasten to Washington — Anti-American Sentiment.

Washington, July 22.—All foreigners in interior Mexico are n grave danger. Additional advices received from confidential circles today indicate that their peril is much greater than in the days immediately following the overthrow of the Madero rule.

This is chiefly due to the fact that the Huerta government is assailed on all sides and that many of the so-called bands of revolutionsts are in reality only armed forces of robbers plundering at will and using torture and even murder to enforce their demands for gold.

The entire country is in a state of turmoil. Both the Federal and revolutionary forces are fanning the flame of discontent with the presence of foreigners. This is absolutely proven by the confidential advices received at the State Department by its accredited secret representatives who are covering ever foot of the troubled zone.

There is no attempt being made to hide the fact that the Mexican question is greatly troubling the President. He has sent word to Ambassador Henry Lane Wilson, at Havana, to make all possible speed in his trip here.

It is openly charged in official circles here today that Mexico has been deliberately trying to bring about a general understanding with Japan so that the Nipponese could be persuaded to aid her against the United States in case of intervention.

The fact that irresponsible persons have attributed to the President the personal declaration that the Huerta administration is tottering on the verge of a fall is being utilized in Mexico today to increase the anti-American feeling.

SISTER AIDS IN ELOPEMENT.

While Parents are Serene in Camp, Ignorant of Wedding

Baltimore, Md., July 22.—Aided by her sister in stealing a march on her friends, Miss Gladys Glass came from Staunton to this city on Sunday afternoon with Walter E. Cohen, also from Staunton. After she had confessed the Hebrew faith, she became the bride of Mr. Cohen, the wedding ceremony being performed by Rev. Jacob Shuman, cantor at the Eutaw Place Synagogue.

And while this was transpiring the parents of the lady in the case and the conspiring sister were enjoying themselves serenely in a summer camp among the foothills of Virginia. They are waiting for their daughters return from Baltimore, and will not know until this morning that one of them is a bride. Their camp is some distance from the postoffice, and thus a telegram, which was sent soon after the ceremony will be delayed a long line before delivery A wire to the parents of Mr. Cohen brought back speedy congratulations.

Miss Gladas and Mr. Cohen had been childhood friends. When the camping trip was promised they thought it would be nice to be married and then spend their honeymoon there. Confiding in a sister, Mrs. Claude Smith, the young couple made all necessary arrangements and with bag and baggage all at the depot Miss Gladas stole from her home and met Mr. Cohen at the station. They left at 6 o'clock for Norfolk and from there will go to the camp and crave parental blessings.

QUERIES.

Editor of The Gazette:

There are two questions I would like to ask you and you may pass on them if you please:

1—Has the Committee on Health of City Council made an inspection of the gutters and nearby alleys of Cameron street, viewed daily by hundreds of visitors to our city?

2—Has our traffic ordinance become a dead letter so soon? It would seem so to the average citizen who keeps his eyes open.

WANT PROOF OF MULHALL'S STORY

Lobby Committee Seeks Corroborative Evidence of Charges.

EFFECT ON PROBERS.

Witness Must Substantiate His Allegations Before They Will be Taken at Face Value.

Washington, July 22.—Complete repudiation o fthe story of Col. M. M. Mulhall, former chief lobbyist and strike-breaker of the National Association of Manufacturers by Senators Nelson, Clapp, and Cummings, in so far as it affected his submitted report of interviews with them, had a decided effect on the Senate lobby probers today. It was admitted by even those who have heretofore taken Mulhall's story without question, that he will have to secure some other proofs if all of his declarations are to be accepted at their face value. Mulhall identified a report which told of his glibly conferring with Cummins about pending legislation, of being told by Nelson how a committee voted in executive session, and of being introduced to Senator Clapp by Nelson.

Each of the three Senators swore positvely they kenw nothing of any such meetings. And Mulhall, under cross-examination, could remember nothing of what transpired, saying all he could say was that as he had made such a report his story must be true.

One thing accomplished by the story, however, was to get in the record from th elips of Senator Nelson the interestng fact that the amendment to the Sherman anti-trust law, fathered by Seth Low during the closing days of the Roosevelt administration, and which Nelson proved by the records of the Senate he had helped to defeat, was in reality prepared by Francis Lynde Stetson, chief attorney for the steel trust. This amendment would have read the word "unreasonable" into the law.,

Mulhall continued his story today, identifying the letters covering his his work in Washngton and in attempting to break the hatters' strike in Philadelphia, Orange, West Orange Montclair, New York, Hartford, and other Eastern cities during the spring of 1909.

Virginian Robbed.

Washington, July 22.—David P. Corbett, of Ashburn, Va., told the police yesterday that he had been robbed of $540 while lying on the street in a dazed condition as the result of a runaway accident. Corbett said he went to Alexandria to collect a bill. Upon his return, his horse ran away and he was thrown from the vehicle and dragged some distance. A negro came to his rescue and helped him into an automobile which carried him to the home of a friend. After getting into the automobile he discovered that his wallet had disappeared.

COUNCIL MEETS TONIGHT

Joint Committee Will Recommend Erection of New School Building

The proposition which has been before the committees on schools and finance of the City Council for some time looking to the erection of a new high school building has recently shown evidences of crystalizing and at the meeting last night it was decided to bring in a report.

After considerable interchange of opinion it was decided to recommend to Council a logical plan. It was agreed to accept a bid (said to be $10,500) for the lot recently acquired by the city at the northwest corner of Cameron and West streets, and to erect the new building on the site of the old Lancasterian School, as has heretofore been suggested.

City Engineer Dunn had informed the committees that it would entail an expenditure of about $6,000 to cut down the street in that locality and otherwise improve it, and that at least $5,000 more would be necessary to prepare the ground and construct the proper approaches. Besides this, a triangular-shaped piece of ground in the lot purchased by the city is owned by other parties, who, it is said, demand $3,500 for it, and it would be necessary to acquire this before commencing the erection of a building on the lot could be commenced. In short, before any work on the proposed structure could be started the city would be compelled to expend approximately $15,000.

With the $10,500 the city may realize from the sale of the lot in the northwestern section of the city a substantial sum would be available when the work of building the new school on Washington street shall have been commenced.

The old Lancasterian School building has been condemned by several grand juries as an unsuitable place for children. With its demolition the city will it is believed have all the ground necessary for the new high school building.

Probably the biggest observances will be at Philadelphia and New York, where the State Legislatures have made appropriations for the associations.

PROPOSED SAVINGS BANK

New Concern to be Known as the Alexandria-Fairfax Saving Bank of this City

The organizers of the new savings bank about which so much rumor has been current in Alexandria during the past few days, held a meeting in Washington last Saturday evening to arrange preliminary details, F. L. Slaymaker being chosen chairman of the meeting. The bank will shortly begin business here under the name of the Alexandria-Fairfax Savings Bank, Incorporated, under the most favorable conditions, and that it will prove immensely popular in the city and surrounding counties is indicated by the fact that applications have already been received for the purchase of nearly all the capital stock it was originally intended to issue.

The object of the new institution, which will do a general savings bank business, is to receive deposits and to loan the same and other funds on real estate and other securities, but especially on real estate in Alexandria City and in the counties of Fairfax and Alexandria. The availability of money for loans in aiding the constantly increasing improvements in the counties is certain to prove very helpful to all, and the need for such an institution has long been felt by those acquainted with the present unsatisfactory conditions.

The board of directors will be composed entirely of men well known and prominent in the business affairs of the city and two counties. those now being spoken of for that position being E. H. Kemper, assistant comptroller of the Southern Railway Company, F. L. Slaymaker, president of the Slaymaker-Schneider Corporation, Dr. Edward A. Gorman, Health Officer, of Alexandria City, R. M. Pettit, president of Mount Vernon Stables, Inc., and E. A. Garlock, vice-president of the banking firm of Garlock & Co. Wm. G. Collins, Clarendon, Va.

That the affairs of the new institution and of its patrons and the public will be carefully safeguarded by such a board, all of whom are successful and energetic business men, and that it will command the confidence of the public generally is beyond question.

The policy of the new institution will be to distribute its stock among the citizens of Alexandria and the two counties in small lots, and if the stock is oversubscribed, as it seems now certain it will be, the larger subscriptions will be reduced proportionately, putting the subscribers on as nearly an equal footing as possible. Subscription books will be opened under the direction of the Garlock Company in the near future, simultaneously at a number of points in Alexandria City and both Alexandria and Fairfax counties for a limited number of days.

C. H. Murray, of the Tenth Cavalry, who has rapidly brought in from chaos and confusion incident to the arrival of troops into organized efficiency.

More troopers arrived this evening, 150 of the Tenth Cavalry from Fort Ethan Allen, Vermont, coming on a special train. Several other troops are to arrive tomorrow. Picket lines have been established and visitors are brought to a stop by the sentry's abrupt command of "halt." Visitors will be allowed on the grounds only on certain afternoons. Colonel Murray is being assisted by Col. James Lockett, of the 11th Cavalry Col. J. C. Gresham, of the 10th, and Cols. Foltz and Dickman and Maj. Jesse McI. Carter, of the general cavalry board.

EASY MARK FOR BURGLARS.

Postoffice at Cambria, Va., Robbed For Third Time.

Cambria, Va., July 22.—The third postoffice robbery in five years was accomplished here at 1 o'clock yesterday morning, when two robbers gained entrance to the local postoffice and blew the safe, taking therefrom $1,200 in stamps and a small sum in money. The force of the explosion aroused the patients at the Altamont Hospital, but before the alarm could be sounded the two men were seen to board a freight train.

Because S. Minor Haynes was succeeded by S. Crenshaw, as postmaster, this morning it was possible to ascertain the loss as reported, the books having been balanced up at last night.

The robbers secured tools from a blacksmith shop, with which they forced the front door of the postoffice.

TWO TRY SUICIDE.

Richmond, July 22.—Two attempted suicide cases kept the city ambulance busy late Sunday night.

One call came from 211 Mayo street where it was found that W. A. Coleman, a former policeman had swallowed a small quantity of laudanum.

The second came from 902 North Twenty-sixth street. There, it developed, that Mrs. Lucille Davis had take ncarbolic acid after locking herself in her bedroom. She was discovered soon afterward by her daughter, who had to break open the door.

Neither case proved serious, according to reports made by Drs. Tordegrosa and Whitehead, of the ambulance corps. Nor was it ascertained what caused either party to make the attempt on their lives.

Dr. Appleby was a member of an old Maryland family.

STORM VISITS DANVILLE.

Did Considerable Damage to Telephone Lines in the City.

Danville, Va., July 22.—A storm of tropical violence broke over the city at 4 o'clock Saturday afternoon, causing considerable damage. General alarm was felt when an inky black cloud came up from the northwest, accompanied by violent wind and rain. Trees suffered severely, and many limbs were scattered about yards and thoroughfares. A portion of the roof of the Boatwright furniture factory was torn away. The telephone company, immediately after the abatement of the storm, began repairing between fifty and sixty troubles. At the present writing there is not a toll line up beyond Fall Creek.

TOUCHED LIVE WIRE.

Young Man Was Electrocuted at Danville Last Nght.

Danville, Va., July 22.—Wade Mills, 22 years old, a cotton mill operative, was electrocuted here Saturday night about 9:30 o'clock, dying almost instantly. Mills, in company with a friend, was returning home after a Saturday night shopping trip and in order to make a short cut attempted to climb the pillars of the Worsham street wagon bridge. When he had gone only a few feet up towards the bed of the bridge he came in contact with a high-power arc light circuit wire. He was thrown violently to the ground and in a few minutes was dead.

His friend, who had also started up the bridge, heard the sizzling of the wire as it came in contact with Mill's flesh and jumped to the ground just in time to get out of the way of the alling body.

John Aho, a farmhand near Grand Rapids, Minn., committed suicide yesterday by placing a stick of dynamite on top of his head, lighting a short fuse, and blowing his head into fragments. Aho's act was done within sight of half a dozen fellow- workmen.

HEAVY DAMAGE CAUSED.

Recent Heavy Rains in Montgomery County.

Whitehorn, Va., July 21.—The recent exceptionally heavy rains in this district have caused very heavy damage to the farmers whose lands are located along Thom's creek. Not in the memory of the oldest inhabitant did the waters of Thom's creek rise to such a height, inundating many valuable tracts of wheat and corn lands and materially damaging them. Torrents of water poured down from the various mountain branches, tearing up roads, washing away foot logs at crossings, and otherwise causing heavy damages to landowners.

The Truth About Electric Cooking

For large families where the average domestic help is employed and a large amount of cooking done, Electric Cooking will be found more expensive, and in most cases not advisable.

In small families, where no help is employed, and where nice equipment is desired, Electric cooking will be found many times more convenient, more certain in results and safer in operation—as well as reasonable in cost.

In every family a few utensils for early breakfast emergency and special uses—and for cheering up cold meals with a warm dish or two—is highly advisable from every standpoint, including that of economy.

MANY USELESS PUBLIC DOCUMENTS.

There is a periodical complaint of the useless expenditure of money by the government in printing ponderous volumes which often become junk without having been removed from their original wrappings.

The joint committee on printing of the two houses of Congress is preparing to launch an extensive investigation of the government printing office. The committee was scheduled to start the inquiry today. It is said that Congress wastes as high as $1,000,000 a year in the printing of useless documents which nobody reads.

The annual report of the House bookkeeper shows that millions of documents are stored in the Capitol basement, and ultimately must be disposed of as waste paper. Some of these documents are bound books, running from 200 to 500 pages. It is planned to effect reforms which will prevent any but useful documents being printed.

Visitors to second-hand stores and junk shops often see large, finely printed and handsome volumes from the government printing office awaiting a time to be conveyed to paper mills, where they are ground up to re-appear in more interesting and saleable books.

The Acta Diurna was one of the features of the days of the Caesars. This bulletin was published for general information and was the embryonic daily paper of our day. It kept the people informed of current events, and, in a measure, acted as an educator for those times.

It has been suggested that much of the money expended by the government in the production of ponderous and useless documents might be devoted to turning out books which the great mass of the people would read.

The country makes history rapidly, and should the government publish the anual happenings in the nation and the world at large, detailing the various issues which arise and the arguments pro and con, such volumes would afford an easy education to thousands who have but little access to books or who are unable to buy them.

Statistical works or dry and tiresome annals which generally fill so many volumes turned out by the government fail to interest the great masses.

SIGNIFICANT EVENTS OF THE PRESENT ERA.

The general unrest which is pervading the world at this time is being manifested in all classes. The heretofore sleepy and indolent Turk, for centuries recognizing no form of government save an autocracy, is now priding himself upon living under a more democratic regime; the Persian had previously made it too hot for the Shah to pose any longer as an autocrat; the great kingdom of China is no longer a monarchy but a republic, with secession starring her in the face, and now we hear of the Swiss Guard at the Vatican giving trouble and making demands on the Papal Secretary of State. It was generally supposed that this organization was as Napoleon's Old Guard, ever submissive and loyal. But it seems that they, too, are human, and have contracted the general malady.

According to a dispatch from Rome, the mutinous Swiss guardsmen at the Vatican have presented to Cardinal Merry Del Val, papal secretary of state, a memorial relating their grievances and the conditions on which they are disposed to remain in the service. The conditions are:

1.—The dismissal of the commander of the Swiss Guards.

2.—An increase in the Swiss Guards from 80 to 100.

3.—The commander and all officers to be chosen from among themselves.

4.—The abolition of the prohibition against the guards' frequenting stores on the right bank of the Tiber, and the granting of permission to frequent wine shops.

5.—A return to the original system of military instruction, with the abolition of bayonet drill, target shooting and the climb of roofs to protect the Vatican from imaginary assaults.

6.—No punishment to be inflicted in connection with the present agitation.

Cardinal Merry del Val afterward conferred for a long time with the Pope in an endeavor to find a satisfactory solution of the incident.

The Swiss Guard at the Vatican has existed since 1505, when it was formed by Pope Julius II.

Because of fears of graver insubordination the Swiss Guards have been disarmed. The Italian police are ready to intervene in case of disturbances should the Vatican authorities request their assistance in the re-establishment of order.

ELOPERS USE AN AEROPLANE.

One of the thrilling stories of the Arabian Nights' Entertainment is the account of a prince eloping with a princess on a wooden horse which made an aerial flight. This enchanted steed was brought to the court of an oriental king by an East Indiaman, who in order to test its wonderful powers, mounted the representation of Pegasus, turned a peg behind one of its ears and was soon sailing over the heads of the spectators. Later the king's son secured the horse and used it in carrying off a princess from another court who had won his heart.

Many now in the sere and yellow leaf who read this interesting story in childhood never dreamed they would live to see the time when an elopement would actually take place in such a wonderful manner, but the twentieth century abounds in wonders and the following shows that the author of the Thousand and One Nights was only a little too previous.

An elopement by areoplane, which has yet some features of the old-time elopement, is reported from Niort, France.

France. Two months ago a good-looking young airman was giving exhibiton flights at Niort. A pretty governess fell in love with him, and begged him to take her up in his aeroplane. A few days later the airman eloped with her in the machine, and did not descend until he reached Issy, 250 miles away.

Conscience-stricken with $5,175 of the funds of the American Express Company in his pockets, Alexander S. Woods, the embezzling express messenger of East St. Louis, could not resist arrest yesterday when he saw the police load a disorderly man in the patrol wagon in Philadelphia. He walked over to the sergeant and begged to be sent to prison as he said that he had stolen the money. He was wanted in St. Louis he said, and could not stay away longer, because he felt that he had sufficiently disgraced his two young daughters. He turned over all but $36 of the money, and said he wanted to go home and face trial. Woods said he endorsed a note and stole to make good when the maker failed to pay the obligation.

MUTINY ON A STEAMER.

Twenty-Six Chinamen Cause Consternation Among Passengers.

New Orleans, July 22.—Mutiny of 26 Chinese on the steamship Comus, arrived yesterday from New York, resulted in a panic among the passengers, the probable fatal shooting of one of the mutineers, the wounding of three others, and slight injuries to First Officer M. L. Proctor, of the Comus.

The general fight occurred on the forward deck of the steamer today.

Proctor probably owes his life to the bravery of Mrs. Florence Shaw, a stewardess, who saved him from being thrown across the rail by the infuriated Chinese.

The officer had ordered all the Chinese to the hold when the vessel was about 40 miles from New Orleans. The Celestials protested the heat was too intense. When Proctor insisted six of them rushed him to the rail. Then Mrs. Shaw appeared and battled her way among the Chinese, preventing them from throwing Proctor overboard.

Proctor drew his weapon and began firing. Other members of the crew and several passengers rushed into the melee.

Finally the Orientals were cowed by superior force and were sent to the hold. The most seriously injured man is shot through the lungs, probably fatally.

The Chinese were being brought here to act as strikebreakers for the Union Fruit Company, whose seamen recently walked out.

TURKEY CAUSING TROUBLE.

Balkan Situation Further Complicated by Porte Retaking Adrianople.

London, July 22.—While Bulgaria, brought to her knees, is suing for peace, Turkey has complicated the already involved Balkan situation by violating the treaty of London, which confined her within a boundary line that placed Adrianople beyond her reach.

Now that Turkish troops have advanced to that city, despite the treaty, the powers have warned Turkey that their decisions regarding her European frontier must be respected.

Premier Asquith, speaking at Birmingham tonight, said:

"If Turkey is ill advised enough to set the provisions of the treaty at defiance, she must be prepared for the bringing up of questions which it is by no means to her advantage to bring into debate."

In Berlin is is thought probable that if Turkey insists on the forward movement in Thrace she will have to face the Russian occupation of Armenia. Meanwhile, it is believed that the peace between Bulgaria and her former allies will be concluded within a few days, so far as preliminaries are concerned, and that another conference will be arranged in Europe to work out the details.

The Roumanian army is encamped outside Sofia, ready to begin an assault if the Bulgarians fail to live up to official announcement made today of their determination to conclude peace negotiations with the other Balkan states.

ARMY MOVING ON CAPITAL.

Suffragettes, in Hundreds of Automobiles, Now on Way.

Washington, July 22.—Scores of suffragettee-laden automobiles are hastening towards Washington bearing petitions to Congress for a constitutional amendment granting universal suffrage, and by the end of this week leaders of the National Woman Suffrage Association said today these automobiles would be numbered by the hundreds. The Senate and House are to be stormed by the motoring women July 31.

Already a number of state parties of women are on their way here awheel. An official announcement says that delegations are now on the road from Montana, Tenessee, Virginia, New York, Massachusetts, Pennsylvania, New Jersey and several other states. These early starters are speaking for the "cause" along the way and swelling their lists of signatures to the petition to Congress.

Extended preparations are being made for the general reception at Hyattsville, Md., to the women pilgrims. H Martin Williams, reading clerk of the House has volunteered to act as an announcer as the several state delegations arrive in their cars. A large number of Senators and Representatives have promised to serve on the reception committee provided public business will permit and there is to be music and other features.

Don't Take Dangerous Calomel.

Danger signals of torpid, lazy liver and constipation include furry, coated tongue, bad taste, headache, face blotches, general heaviness and irritability. Nature thus protests against the clogging of the bowels and retention of the poisonous body waste.

Diagnose Your Own Case.

When you feel any of the symptoms of constipation, be your own doctor, but don't prescribe calomel or any of the various drastic and body racking drugs, oils or salts. What is needed is a gentle, pleasant acting remedy that is effective, positive and thorough.
